1500 Pergola

OUR FACTORY

WHAT ARE THE ADVANTAGES?

QUALITY MATERIALS

It is made of 6063-T5 with higher hardness. Each pergola comes with built-in rubber seals inside the louver blades that shield against rain water and the wind.

POWDER COATED

Powder coated with AkzoNobel Brand allows our pergola to resist the harsh environments.

LED LIGHTING

Custom fit linear LED lighting with two-color snaps in the louver blade and can be dimmable.

WATERPROOF&WIND PROOF

Special post design to run the water and wire separately. Stands for 170MPH Wind

APP CONTROL

Once the smart all-in-one app is download, you can adjust the louvers to create the perfect amount of shade or weather protection by iPhone or android device.

CE CERTIFIED

10 YEARS WARRANTY

QUALITY INSPECTION

Each Pergola is quality tested and certified before it leaves the factory.

EASY TO INSTALL

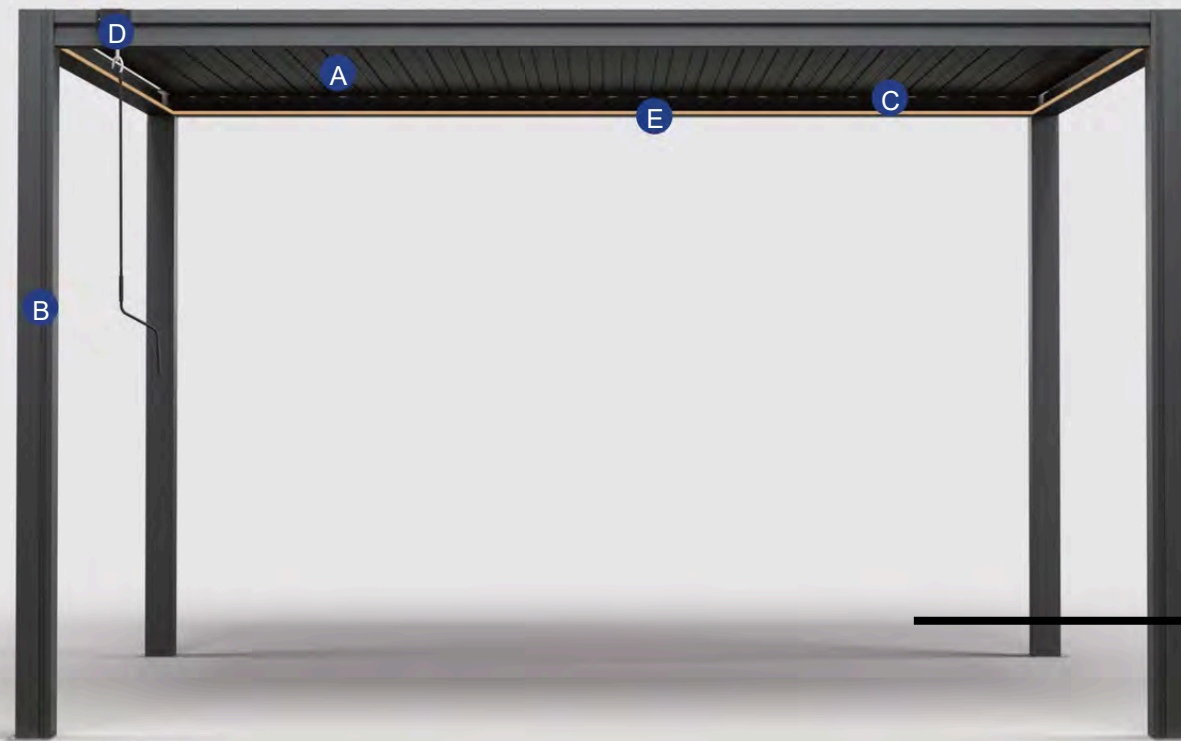

Product design is easy to install and the professional installation instructions will be offered accordingly.

Outdoor Pergola

Standard Height	8'
LED Lights Color	3800K warm light / 4000K white light

STANDARD SIZE

10' x 10'

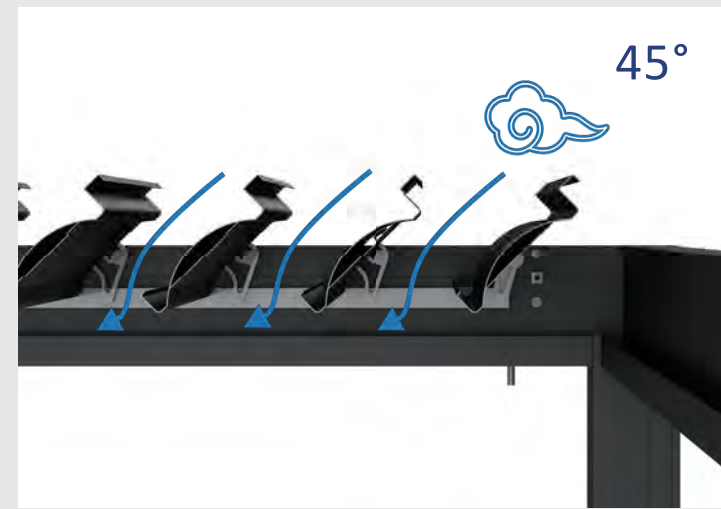

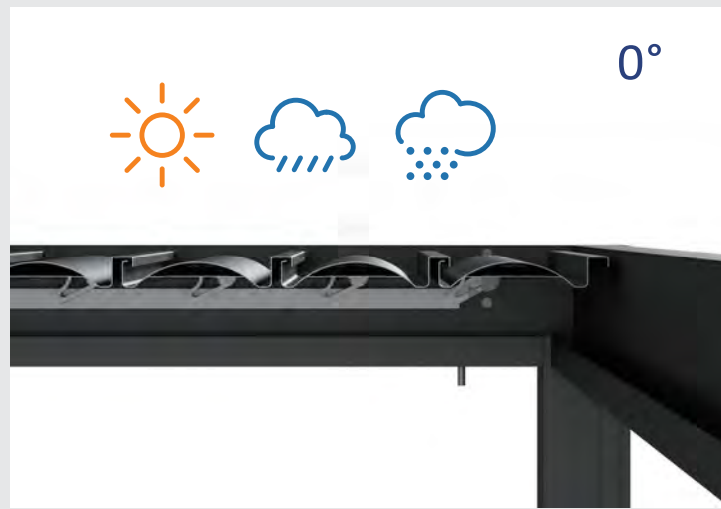

10' x 13'

DESIGN OPTION

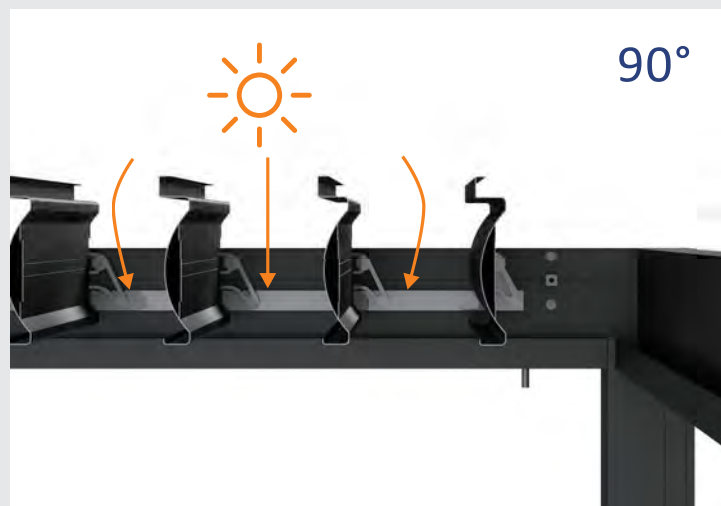

Free standing

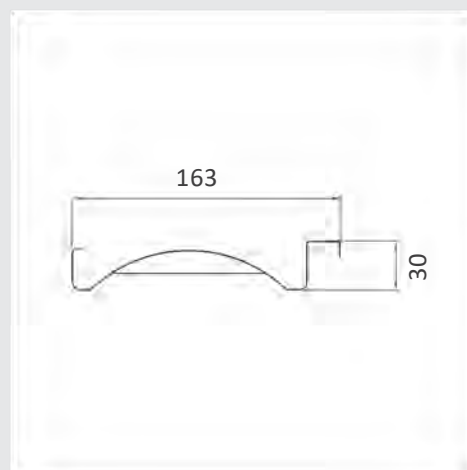

Louvers are designed such they will interlock to keep out the water, hot sun and snow. Deep channels in each louvers carry water away to the in-built surrounding gutter.

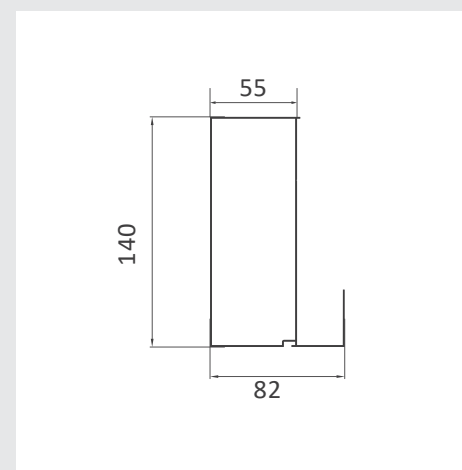

Tilt the louvers like that, the sun is blocked and the fresh air can flush through the opening gaps.

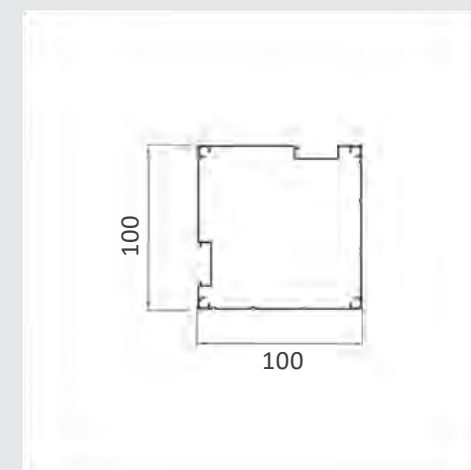

In winter or cooler weather enjoy the natural warmth of sunlight by rotating the louvers to the desired angle with the fingertip touch of your remote control.

163 Blade

140 Side beam & Gutter

100 Column

HIDDEN GUTTER SYSTEM

Water is channeled through an internal gutter system and drains seamlessly through the posts.
